

Online Ordering Information

Stoller Fundraising is now offering online ordering for your group. You now can have friends and family order products online and have them delivered to your group's address with your paper orders for each seller to deliver!

No log in for the chairperson or sellers! Privacy is provided to protect the sellers! Below is the step by step process for online ordering.

Getting Started:

1. Be sure to let the sales rep know that you are interested in accepting online orders.
2. Then go into the link provided in an email from us and then click on the "Enable Online Orders" box. The online store will be opened.
3. Type or Import (using the template under the import sellers tab) the master list of names (Last name, First name and email address) of each seller. The sales rep will be able to help you import the sellers if need be. After entering the sellers, click the "save and view store" button, this will take you to the Kickoff page.

Kick Off:

1. The link is now ready to be shared in your group's website, Facebook, email, text, etc.      
2. If you upload all the email address and want to email all the sellers their unique link click the "email link to sellers" button. Otherwise you can use the share buttons for other sites that will give customers access to the whole seller list.
3. When shared, click on the "Done" box. The online store is ready for orders!
4. You can keep sharing the link throughout the sale to encourage participants to sell.

Misc. Info:

1. A seller may go into their link to see how many orders that have received and who ordered from them at any time the online store is open by clicking on See Supporters.
2. If someone wants to order but doesn't know a seller, they can place their order under the "Group Name".
3. Save the link you were given to access the setup since you will come back to email or print seller reports, enter your paper orders etc.
4. Do NOT hit the "submit order" until you are sure you do not want any further online orders. Once the submit button has been ordered, the online store will be permanently closed! The paper orders will still be accepted, and orders can be added, but no further online orders can be added or changed.

QUESTIONS?? Please feel free to call your sales rep or the office at 800-939-0322 and we will be glad to assist you.
